

**JERRY F. FINDLEY**

**FINDLEY CONSULTANTS  
2004 BLANKENBAKER ROAD  
STATESBORO, GEORGIA 30458  
912-852-3625**

Mr. Jerry Findley is presently the Owner and Lead Consultant of Findley Consultants, following his retirement as the Supervisor of the Medical/Legal Death Investigation and Forensic Science Training Section at the Georgia State Police Academy in Forsyth, Georgia, where he served from 1989. This position was preceded by his career with the Chatham County Georgia Sheriff's Department from 1971 to 1989. While with Chatham County, he served as a street officer, before his assignment to the Identification and Investigation Division. In 1976, Mr. Findley became the supervisor of the Crime Scene Investigation Unit and served in this position until 1989.

Mr. Findley has over 3000 hours of specialized training in the field of Forensic Sciences and in addition to the more than Seventy-five, 40 Hour, courses he has conducted in Bloodstain Pattern Interpretation, Advanced Bloodstain Patterns, and Crime Scene Reconstruction, through IPTM and his Consultant Business, he has also lectured on forensic topics all over the United States to Federal, State, and Local Law Enforcement Agencies. In addition to the lecture and classroom training arena, he has been published in the *Identification Journal*, *Law and Order Magazine*, *Journal of Forensic Identification*, and the *International Association of Blood Pattern Analyst Journal*.

Mr. Findley has testified in court as an expert on latent prints, forensic photography, crime scene investigation and reconstruction, blood pattern analysis, and homicide/death investigation, over 154 times in Florida, Georgia, and Tennessee. As a result of his courtroom experiences and outcomes he has also appeared on *New Detectives*, *Forensic Files*, *Forensics: You Decide*, *Dateline NBC* and *Frontline* television shows.

Jerry Findley is a member of and has held committee positions in the Georgia Division of the International Association for Identification, Coastal Law Enforcement Association, International Association of Identification, the Association of Crime Scene Reconstruction, and the International Association of Blood Pattern Analyst.
